Altar Society News

It's now October and so many things are to be done. The Society celebrated it's Communion Sunday on October 1st. We offered this mass for the Living and Deceased members.

I only came into the society in 1990 but way before that the Altar Society was here. There are many wonderful ladies who have kept the society going. Years ago, the Altar Society Ladies also did the bingo in Spring to add funds to their account to pay for the Altar Wine and Altar Bread. They also helped pay for the flowers to decorate church, and other items that were needed. As the membership did not increase and the older ladies who had worked so hard to keep the society going could no longer get enough help, the Bingo was passed on to the (at that time the name was Mothers Club) now is PTC and it is now the Stagette.

The ladies also cleaned church every Spring. This also was discontinued for a few years as not enough help could be found. This has now been revived and we are going to try to keep it up. You don't have to be a member to help—we have had others who have helped—ladies, children and men. In fact, we need men to help move ladders and if we get enough, maybe we can clean the rafters next year.

It is time to say a Big Thank You to All the Wonderful Ladies who through the years of lean kept the Society alive and thriving so that St. Philips Altar Society could be here today. I ask God that the Society may have the same spirit these wonderful Ladies have, and we pray for the wonderful Ladies who have gone to their reward in Heaven who were part of this Society. We thank every one of the Altar Society Ladies for all the work you have put into this We would not be here if it wasn't for your efforts and prayers.

The Altar Society is getting geared up for the Christmas Raffle. This takes more time and work than people think. We are accepting items for the raffle—if you would like to donate an item, please feel free to leave it in one of the vestibules with a note attached "Attention Altar Society Raffle" or contact any member.

Our next meeting is November 9th, 2006 at 7 pm in the conference room. Stop by to drop off your raffle donations and see if you would like to join us. Otherwise, contact one of the officers, Debbie Feinauer, Joni Geiger, "Gerri Cunningham or Theresa Frilling.

Another event will be decorating for Thanksgiving on November 16th in Church at 6:30 pm. Please bring any items such as pumpkins, gourds, flowers or fall type decorations. If you cannot come and have items, please drop them off in the side vestibule before November 16th. This is another place we need to thank many parishioners who in years before have spent so much time and notated items to our Thanksgiving decorations. You have made the Sanctuary look so beautify. We say a prayer of Thanks for the parishioners who the Lord has taken who have been so generous to the Altar Society and St. Philip Parish.

Our annual Memorial Ribbon tradition will be coming this year again. Look for the attachment to the bulletin coming in November for the Christmas 2006 and Easter 2007 Ribbons.

As you can see, we are busy this time of the year. But it is such a beautiful time of the year and we need to renew our spirit, and give thanks for all we have. May the Lord Bless Us All.

Recycling News

Thank you to all the people who have been saving their cans—we have taken the Aluminum Cans to the recycler twice this year and received approximately a total so far of \$680.00. Some parishioners really gave us some nice aluminum cans.

The Ryan Field Aluminum cans have really helped also. But it would be nice if the trash and water bottles would be put in the correct barrels. It takes so much longer to bag these cans if they have trash and water and beer bottles in with them. Remember also we are taking only aluminum cans now—NO aluminum wrap. They only want cans.

We want to thank every one who has contributed—even the small bags help. Imagine if all of us would take the time to keep the cans separate and put them in one of the two receptacles marked “Aluminum Cans Only”. (There is one located at the Parish Center and another at the Cafeteria Dock). We might be able to make more money for school by saving our aluminum trash.
